KMCT AYURVEDA MEDICAL COLLEGE

Approved by NCISM and Affiliated to Kerala University of Health Sciences.

Innovation and Entrepreneurship Development Centre (IEDC)

KMCT Ayurveda college provides ample opportunities for its students to nurture and showcase the innovations and entrepreneurship skills via its Innovation and Entrepreneurship Development Centre (IEDC). The IEDC was formulated to promote innovation and entrepreneurial culture in educational institutions and to develop institutional mechanism to foster techno-entrepreneurship for generation of wealth and employment.

KMCT Ayurveda College is the first Ayurveda college in Kerala to get approval from Kerala startup mission (KSUM) under Government of Kerala. Kerala Startup Mission has taken this initiative to create awareness, exposure and skills among the students and to enable and promote an environment to create entrepreneurial ventures by developing innovative products of social relevance. IEDC plays a major role in identifying the potential entrepreneur, right from the college level. IEDC has a nodal officer, assistant nodal officer and 10 different leads which is head by students. College has been awarded 2 lakh grants from KSUM to develop the innovation ecosystem in our institution after the inspection which saw that the college has requisite expertise and infrastructure.

KMCT AYURVEDA COLLEGE INSTITUTIONAL INNOVATIONAL CELL

Aim:

To provide ample opportunity for young vibrant minds and seasoned intellectuals to pursue a hassle free journey to their passionate destinations, and to promote translational research

Objectives:

1. To promote innovative ideas to counter common problems in clinical practice and to improve healthcare system in the country.
2. To provide a platform for young scientists and students to express their concepts.
3. To provide technical support and a network for collaboration for such innovators.
4. To encourage medical fraternity and students to surge into area of inventions and IPR registrations
5. To assist the innovators to get IPR/patent.
6. To provide a platform for training and education on how to bring an idea into reality.
7. To institute awards for best innovations annually.
8. To provide seed funding for selected practice changing innovations and to assist the scientist to get external funding.

UTILISATION CERTIFICATE

Certified that I have satisfied myself that the conditions on which grants were sanctioned have been duly fulfilled/are being fulfilled and that I have exercised following checks to see that the money has been actually utilised for the purpose which it was sanctioned

- I. The main accounts and other subsidiary accounts and registers (including assets registers) are maintained as prescribed in the relevant Act/Rules/Standing instructions, (mention the act/Rules) and have been duly audited by designated auditors. The figures depicted above tally with the audited figures mentioned in financial statements/accounts
- II. There exist internal controls for safeguarding public funds/assets, watching outcomes and achievements of physical targets against the financial inputs, ensuring quality in asset creation etc. & the periodic evaluation of internal controls is exercised to ensure their effectiveness
- III. To the best of our knowledge and belief, no transactions have been entered that are in violation of relevant Act/Rules/standing instructions and scheme guidelines
- IV. The responsibilities among the key functionaries for execution of the scheme have been assigned in clear terms and are not general in nature
- V. The benefits were extended to the intended beneficiaries and only such areas/districts were covered where the scheme was intended to operate
- VI. The expenditure on various components of the scheme was in the proportions authorised as per the scheme guidelines and terms and conditions of the grants-in-aid
- VII. It has been ensured that the physical and financial performance under **Innovation and Entrepreneurship Development Centre** has been according to the requirements, as prescribed in the guidelines issued by Kerala Startup Mission and the performance/targets achieved statement for the year to which the utilisation of the fund resulted in outcomes given at Annexure-I duly enclosed
- VIII. The Receipts and Payments Account is duly enclosed as Annexure-II
- IX. Expenditure statement is duly enclosed as Annexure-III

YOUNG INNOVATION PROGRAMME

We have enrolled in Young innovators programme (YIP) under Kerala Development and Innovation Strategic Council. The program's goal is to provide future innovators with the tools they need to create new goods, services, or business models that more effectively address developing societal needs and unmet market demands. An overview of young innovation programme was provided by resource speaker Adnan muhammed on june 22.session lasted for one hour with very good feed back from students . 19 students participated in the programme.

**An overview
for YIP 5.0**

As part of YIP, a speaker assigned by YIP is coming to KMCT Medical College and conducting an interactive session on An overview for YIP 5.0

15th June 2023 | 11 AM to 12 PM
Venue: Lecture Hall 2

**KMCT
AYURVEDA MEDICAL COLLEGE**

Congratulations

Congratulations to NADEERA K., NANDANA N., LINSHA ROSEL C.K., ABHIRAM CHACKOLANGARA, and TAHA RASHID, and their mentor, Dr. T N HARIKRISHNAN, from KMCT Ayurveda College for being shortlisted to present their project proposal titled "VB EFFERVESCENT TABLET – A Novel Classical Ayurvedic Supplement" in the BIRAC-E Yuva programme. Best wishes to all of you for your presentation, and here's hoping you nail it!

K-DISC STATE LEVEL YIP WINNERS

On 20th July 2023, three talented interns from **KMCT Ayurveda Medical College (KMCT AMC)** – **Jasir, Murshida Irfana, and Jijy** – were honored with the prestigious **K-DISC YIP (Kerala Development and Innovation Strategic Council Young Innovators Programme) Award**. This recognition highlights their innovative thinking, commitment to research, and contributions to the field of Ayurveda and healthcare.

The **YIP Award**, established by K-DISC, encourages young innovators to develop groundbreaking ideas that can address real-world problems. The trio from KMCT AMC demonstrated exceptional creativity and research skills, which led to their project being selected for this accolade. Their achievement is a reflection of the quality of education and the supportive environment provided at KMCT Ayurveda Medical College, where students are encouraged to think outside the box and contribute to the advancement of traditional Ayurvedic practices.

BIRAC YUVA PROGRAM SHORT LISTED

A team of talented students from **KMCT Ayurveda Medical College** – **Nadeera K., Nandana N., Linsha Rosel C.K., Abhiram Chackolangara, and Taha Rashid**, under the mentorship of **Dr. T N Harikrishnan** – achieved a significant milestone by being shortlisted to present their innovative project proposal titled "**VB Effervescent Tablet - A Novel Classical Ayurvedic Supplement**" in the prestigious **BIRAC-E Yuva Programme**.

The **BIRAC-E Yuva (Biotechnology Industry Research Assistance Council Entrepreneurship Yuva)** programme is a national initiative that encourages young minds to propose innovative ideas and solutions in the field of biotechnology and healthcare. The project by the KMCT team aims to develop an Ayurvedic effervescent tablet, which reimagines classical Ayurvedic formulations into a modern, easy-to-consume supplement. This innovation bridges the gap between traditional medicine and contemporary health needs, making Ayurveda more accessible and appealing to the modern generation.

The selection of their project for presentation in such a reputed platform underscores the students' commitment to research and development in Ayurvedic sciences, showcasing their ability to combine traditional knowledge with cutting-edge technology.

This recognition not only highlights the potential of their project but also brings immense pride to KMCT Ayurveda Medical College, demonstrating the institution's role in fostering innovation and excellence in Ayurvedic education and research. Their accomplishment serves as an inspiration for fellow students to explore the possibilities of blending ancient wisdom with modern science.
